

A COMMUNITY THAT SHARES

Serving St Mary's County for 20 Years

Building Fund Drive

I would like to introduce you to "A Community that Shares" (ACTS). ACTS is a 501c3 nonprofit corporation formed to serve the ever increasing needs of the residents of St. Mary's County for home medical convalescent care equipment. With over 3000 pieces of equipment loaned, free of charge, ACTS' service has become a necessary part of life for thousands of St Mary's residents

Since 1993, ACTS has been staffed by volunteers and funded by the goodwill of county residents and businesses. The warehouse, located at the Seventh District Optimist Club Park in Avenue, houses dozens of different types of medical convalescent care equipment, all available to St Mary's county residents free of charge, for as long as they need it.

As ACTS service has become better known in the county the requests for the use of equipment has been increasing and today we find ourselves needing a larger warehouse in order to meet the demand.

We have received county approval and contracted with a St Mary's County contractor to double the size of our warehouse this year. In order to do that we need your help.

Please help us continue to provide this unique and necessary service to St Mary's County residents. Donate to our building fund today.

Once our building is complete stop by and see what we do. Your continued support is vital to our continuing to provide this service. One Hundred Percent of your donation is used to meet the needs of others.

Remember also, your time is as valuable to us as your money. We need volunteers to repair equipment, staff the warehouse and help us manage and operate ACTS. If you have any free time, give us a call or go to our web site and leave us your contact information.
